

Rebecca will be in an ethnic minority group when she grows up

Rebecca's British ancestors
built, fought and died to
ensure she was handed
down a secure homeland

Instead she'll be lost in an
overcrowded melting pot
of up to 80 million people

When she asks me what
I did to stop it when I had the
chance, I'll have to tell her
I did nothing

It doesn't have to be this way
You can make a change today...

British children deserve better

BNP legend

Because the politicians' immigration policy has been a disaster, we will soon be a minority in our own country!

The BNP will protect our unique identity, culture and traditions, preserving our way of life so our British children can live in a safe and free country that belongs to them! **It's time for action:**

Stop Immigration

Enough talk – STOP mass immigration NOW!

Regain control of our borders, deport illegal immigrants!

Stop mass immigration

End Soft-Touch Britain

Of course migrants will flock to Britain while they're given taxpayer-funded hand-outs.

No benefits for those who have never paid in!

"The council, social workers and the police failed our children. Being a BNP member gave me the support I needed to help those poor children and expose the truth. Help us put our people first, because no one else will!"
